PROFESSIONAL SUMMARY

Motivated Information Technology student with strong interest in full-stack web development, backend systems, and AI-driven applications. Skilled in building scalable web applications using PHP, MySQL, JavaScript, and modern frontend technologies. Familiar with database management, REST APIs, and secure authentication workflows. Passionate about emerging technologies including cloud computing, AI automation, and responsive web development.

TECHNICAL SKILLS

- **Languages:** JavaScript, PHP, Python (Basics), HTML5, CSS3
- **Frontend:** React.js, Bootstrap, Tailwind CSS
- **Backend:** Node.js (Basics), Express.js, PHP
- **Database & Cloud:** MySQL, MongoDB (Basics), Oracle Cloud Infrastructure
- **Tools & Platforms:** Git, GitHub, VS Code, Figma
- **Core Concepts:** REST APIs, CRUD Operations, Database Management, Responsive Web Design

PROJECTS

Student Management System — Full-Stack Web Application

- Developed a secure CRUD-based web application using PHP and MySQL to manage student records efficiently. Implemented database schema optimization, authentication validation, and responsive UI design.

Smart Bin using AIoT — Automated Waste Management System

- Built an AI and IoT integrated system to classify waste and monitor bin levels in real-time. Focused on smart automation logic, sensor integration, and backend data handling.

INTERNSHIP / EXPERIENCE

Intern — Sona Comstar | 1 Month Internship

- Gained exposure to industrial workflows and professional documentation practices.
- Observed large-scale manufacturing operations and collaborative team environments.
- Improved understanding of workplace communication and agile methodologies.

EDUCATION

B.Tech — Information Technology | Tagore Engineering College, Chennai
Expected Graduation: 2027 • CGPA: 8.7 / 10

Higher Secondary Education (HSC) | Anandhavalli Matriculation Higher Secondary School

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 AI Foundations Associate — Oracle
- Oracle Cloud Infrastructure 2025 Foundations Associate — Oracle
- NPTEL Certificate — Data Structures & Algorithms
- IBM Certificate — Introduction to Data Concepts
- TCS iON Career Edge — Professional Skills Development

ACHIEVEMENTS & RECOGNITION

- 1st Prize — College Level Idea Hackathon for innovative project design and technical execution.
- Built academic and mini-project applications focusing on automation and database-driven systems.
- Actively learning modern web technologies, cloud platforms, and AI-integrated workflows.
